PLEASE BRING THIS CATALOGUE TO THE SALE

FOREWORD

Andrew Birkle was born and bred at Dungehill Farm and started breeding Holsteins more than 40 years ago. The farm is very much a family unit with Andrew assisted by his wife Mimi and sons Sean and Leo. The family have decided to reduce the scale of their dairying business, with farm now carrying over 750 head of stock and this sale is the start of the gradual winding down of the **Whinchat** herd.

Successful reduction sales from the herd were held last year and in 2020 and very pleasing reports have been received of how well the cattle have performed for their new owners. The herd won the Holstein UK's Premier Pedigree Herd Competition in 2016, and their excellent conformation combined with their highly impressive deep pedigrees place them still among the very best Holstein herds in the UK.

To make this sale a major attraction Andrew is selling most of the first and second calvers, a few outstanding third calvers at the start of the sale, some 60 in calf heifers, mostly due through the winter months and over 40 recently served and maiden heifers. The latest heifer calves born to the milkers in the sale will also be sold at the foot of their dams and these currently number over 60.

The milkers that have been scored are classified **9 Excellent (all 3rd calvers), 70 Very Good (of which 56 are 2 year olds) and the remaining 14 Good Plus 2 year olds. 159 of the sale animals are out of Excellent cows and the majority of the remainder out of Very Good cows and nearly all have solid pedigrees with many generations in the top two grades.** Such is the propensity of the Whinchat cows to develop as they mature, there will surely be many future Excellent cows in this sale.

Andrew is well known to breeders in the UK having served as Chairman of Holstein UK until four years ago. In the relatively early stages of the herd's development he visited America, and greatly impressed with the cattle at Pinehurst Farms, purchased embryos from a number of their deep cow families, of which the **Beaujolais** and **Savoire Fare** have been the most prolific. The latter has produced some outstanding specimens and more than 30 are catalogued for sale, both milkers and youngstock. Other families have been purchased in this country from leading herds, including the **Farrah** family which descend from purchases made from the Grantchester herd at the Special Edition Sale in 1997. There are 28 Farrahs in the sale.

Particular note should be made of the **Molli** family of which there are 15, This must be one of the best red and white families in the UK and the Whinchat branch descends from 2 Excellent full sisters who were daughters of the remarkable brood cow Morwick Range Molli Red 2 ET (Ex-95-4), sold at Andrew Bailey's dispersal in 2006 for 10,000gs. **Whinchat Destry Molli Red (Ex-96-6, LP90)** is one of the finest red cows in the breed and she has red VG Awesome and Army milking daughters and yearlings by Robin and Aladdin in the catalogue.

Other well known families with representatives include the **Amy, Angela, Express** and **Rose** (from Ridgefield); **Atlee** and **Ghost** (Riverdane); **August** (Twizzlefoot); **Beauty** and **Zandra** (Willsbro); **Flo** (Huddlesford); **Fran** and **Sara** (Copywood); **Glenna** (Hemble); **Jacklyn** (Kilton); **Kelly** (Grantchester); **Mary** (Lyons); **Melissa** (Sterndale); **Pamela** (Whippenscott); **Rae** (Gloryland); **Roberta** (Bridgedale); **Roxy** (Joylan); **Shula** (Picston); **Star** (Oakview) and **Tippy** (Avondale).

The tremendous depth of consistent classifications over many generations is in part due to the judicious use of top type sires. Among the bulls with progeny for sale among the milkers are such as **Abbott, Addison, Atwood, Awesome-Red, Bradnick, Crushabull, Dealmaker, Diamondback, Doorman, Extreme, Gold Chip, Impression, Jordy, King Doc, Secretariat, Shottle, Stanley Cup, Tatoo, Unix** and **Victor**. Many of these also have progeny among the youngstock, together with **Adorable, Chief, Davinci, Denver, Hanley, Lambda, Mitchell, Sidekick, Solarpower** and **Tropic**. Among the service bulls (nearly all to sexed semen) are several of the foregoing along with **Chase, Crown Royal, Pursuit, Rager-Red** and **Rubels**.

The herd, which currently numbers over 260 milkers is managed on a commercial system, with the cows grazed outside during the day and housed in cubicles at night and in the winter and fed on a total mixed ration of grass, maize and wholecrop silage with a blend and concentrates in and out of the parlour according to yield. They currently average just over **10,000kg at 4.1% fat 3.2% protein, and cell counts are commendably low.**

This is without doubt one of the most impressive catalogues for any sale of the breed this year, containing depth of pedigree such as you rarely find anywhere. The milkers are all young animals and it is easy to imagine them developing into great brood cows like the ancestors in their lineage. This same goes for the choice youngstock and Holstein breeders cannot fail to be impressed by the offering in this most exciting sale.

WHINCHAT HOLSTEINS HERD HEALTH

We have been fortunate to work with the Birkle family for over 17 years now and have enjoyed seeing the Whinchat herd gain recognition for the quality of animals produced, culminating in winning the 2016 Premier Herd Competition. Throughout this time, the team at Dungehill Farm have always delivered the highest levels of stockmanship shown in the condition and relaxed nature of all stock on farm.

Herd health and fertility has been constantly reviewed through fortnightly routine visits and the infectious disease status of the herd has been well monitored. Over the last 4 years all female calves have BVD tag tested clear and previous bulk tank monitoring has shown no evidence of BVD or Lepto infection. There is a comprehensive vaccination policy in place with all calves receiving Bovalto Respi Intranasal vaccine at 1 week old, followed by 2x Bovalto Respi 4 injections against pneumonia. Yearling heifers receive their primary IBR marker course and Bovela BVD pre-service and in calf heifers are given 2x Bovilis Huskvac prior to first turnout. IBR marker inactive and Bovela BVD boosters are given annually to all breeding stock in the spring.

The herd is regularly screened for Johnes and there are no red positives in the sale.

Max Hardy MRCVS
Director, Farm Veterinary Solutions

EXPLANATION OF ABBREVIATIONS AND SYMBOLS

The following abbreviations: ACC- Average Cell Count; LCC- Latest Cell Count; AI- Artificially Inseminated; HC- Heifer Calf; ET- Embryo Transplant; LC- Last Calf; S- Served; sx - Sexed Semen

ENTRY TO SALE PREMISES

All visitors please note that entry to the sale site is at your own risk. No liability whatsoever can be accepted by the vendors or the Auctioneers.

ANIMAL WELFARE

All purchasers please be aware of the implementation of EU Welfare in transport Regulation (EC) No 1/2005 - when hauling livestock.

PAYMENT

Payment must be made in full to the Auctioneers on the sale day. No lots may be removed from the sale premises without an auctioneers pass confirming payment.

Prospective purchasers who have not traded with the auctioneers before are requested to make themselves known prior to commencement of the sale and confirm arrangements of payment.

AGENCY BIDDING

Any customer at the sale bidding as an Agent on behalf of a third party is deemed by the auctioneers to be the purchaser and subject to the terms of the conditions of sale, unless written authority from the person(s) on whose behalf they are bidding is presented to the auctioneers before the sale commences

Telephone Bids: Please note that any potential buyer wishing to bid over the telephone must register with the auctioneers before the sale.

Terms: All purchasers please note that accounts must be settled at the close of the sale.

BREEDING GUARANTEE

All cows and heifers that are stated in the catalogue of sale to have been served not less than ten weeks before the date of sale, or to have been running with a bull between dates (the later of which is not less than ten weeks before the sale) will be guaranteed by the vendor to be in calf either to the date or one of the dates of service if more than one is stated, or to a service between stated running dates and to the bull stated in the catalogue of sale unless any alteration is announced by the Auctioneers at the time of the sale. Should any animal prove not to be in calf, any claim under this guarantee must be made to the auctioneer in writing within 7 weeks of the date of sale. Should any animal which is declared to be in calf prove not to be in calf to the date or one of the dates of service or to some date within the running period or periods or to the bull stated as above any claim must similarly be made immediately any evidence in support of such a claim is available and in any case not later than 28 days after the date on which the animal was due to calve according to the date or dates in the catalogue of sale.

UDDER WARRANTY

Unless otherwise stated or announced, any cow in calf or in milk or any heifer in milk at the time of the sale shall carry a guarantee that she is sound in udder and teats at the time of sale, but no claim under such guarantee can be entertained unless made to the Auctioneers within an hour of the close of the last lot extended in the case of Herd Dispersal Sakes or Breeders' Home Sales when the guarantee period is extended to two hours after the close of the sale of the last lot. If the Auctioneers are satisfied that the udder is not sound, then the sale, at the discretion of the vendor, may either be cancelled or an adjustment in the price paid agreed between vendor and purchaser.

NOTE - At Herd Dispersal or Home Breeders' Sales the Vendor must provide adequate facilities for udders to be inspected and for adequate milking facilities to be available for the Purchaser in accordance with the warranty.

ATA PROTECTION

Introduction

The EU General Data Protection Regulation ("GDPR") came into force across the European Union on 25th May 2018 and brings with it significant changes to data protection.

Our Commitment

Norton & Brookesbank Ltd are committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection. We have always had a robust and effective data protection program in place which complies with existing law and abides by the data protection principles. However, we recognise our obligations in updating and expanding this program to meet the demands of the GDPR and the UK's Data Protection Bill.

Norton & Brookesbank Ltd are dedicated to safeguarding the personal information under our remit and in developing a data protection regime that is effective, fit for purpose and demonstrates an understanding of, and appreciation for the new Regulation. Our preparation and objectives for GDPR compliance have been summarised and copies are available from our office upon request.

CONDITIONS OF SALE

1. The biddings to be regulated by the Auctioneers, in terms of 'guinea' bids and multiples thereof, each guinea to be equivalent to 105 new pence (£1.05); if any dispute should arise, the lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give a reason for such action.
2. The Purchaser to give his name and dwelling place and pay for all lots at the close of sale. No lot or lots shall be removed from the sale premises until paid for, and pass-out slip obtained from the Auctioneer' clerk.
3. Notwithstanding the foregoing and the following Condition 4 each and every lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective Purchaser or Purchasers thereof and shall be removed from the sale at the Purchaser's expense within a week of the sale.
- 4.1. If any lot or animal (s) is not paid for in cash under Condition 2 above but payments is made by cheque or other form of negotiable instrument then the animal(s) shall remain the sole and absolute property of the Vendor as legal and equitable owner until such time as all money due to the Vendor has been paid by the Purchaser, Payment shall unless otherwise agreed be made to the Auctioneers and shall not be deemed to have been paid until any cheque or other negotiable instrument has been cleared by the Auctioneers Bankers and the following further provisions contained in Condition 4 shall apply.
- 4.2. The Purchaser acknowledges that he is in possession of the animal(s) as bailee for the Vendor until such time as the animal(s) has been paid for or pursuant to the provisions of Condition 4.1.
- 4.3. The Purchaser undertakes to house any animal on his premises separately from his own and those of any other person and in such a manner which makes them readily identifiable as the Vendor's.
- 4.4. The Purchaser's right to possession of such animal(s) shall cease if he does anything or fails to do anything which could entitle a receiver to take possession of the animal(s) or which would entitle any person to present a petition for the winding up of the Purchaser.
- 4.5. The Vendor or the Auctioneers may for the purpose of the examination or recovery of animals enter upon any premises where they are housed or where they are reasonably thought to be housed.
- 4.6. If the Purchaser shall sell on the animal(s) the entire proceeds shall be held in trust for the Vendor and shall not be mingled with any other money paid into any overdrawn bank account and shall at all times be identifiable as the Vendor's money.
- 4.7. The Purchaser warrants that he is not at the time of entering into any agreement to purchase the animal(s) insolvent and knows of no circumstances which would entitle any creditor to appoint a receiver or to petition for winding up or to exercise any rights over and against the purchaser's assets.
- 4.8. Without prejudice to any other to any right or remedy of the Vendor or the Auctioneers of the Purchaser shall be in breach of any of the conditions set out in this Condition 4 or any of the other conditions herein contained the Vendor or the Auctioneers shall have power to resell the lots retaining any surplus and charging any deficiency or expense to the defaulter or Purchaser.
5. All statements in the catalogue or made by the Auctioneers at the time of the sale, also the identification of the animals, are the entire responsibility of the Vendor. The Auctioneers take no personal responsibility for the correctness of any such statement or identities.
6. All statements made either in the catalogue or any made by the Auctioneers at the time of the sale relating to Tuberculin or any tests to be taken as statements of fact only. No such statement shall guarantee the Purchasers of any animals against loss arising through subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
7. Neither the Vendor nor the Auctioneers will be responsible for any accident through fire or any other cause whatsoever, nor for any damage done by animals prior to, during or after the sale.
