FOREWORD

This dispersal sale of the Sheldon family's Clingre herd brings about the end of many decades of dairy farming and provides an opportunity for others to purchase high yielding, healthy stock from this most genuine of herd sales.

Edward & Hilary Sheldon began dairying in 1960 on a farm at Easter Compton near Bristol, originally with Ayrshires but then taking the popular transition to British Friesians. In the 90's they were joined on the farm by their son Keith who began the move towards Holstein breeding with various cattle purchased from leading herds in the South West. In 1997 the herd was moved to its present location at New Clingre Farm near Dursley where Keith has continued his passion for breeding and milking Holsteins. After over 40 years of milking cows, Keith has decided to cease dairying to pursue other interests which milking has never previously allowed time. Keith would like to take this opportunity to thank both his son Michael and relief herdsman Josh for all their help and assistance on the farm and with the herd.

The Clingre herd has been managed on a strictly commercial basis with the herd calving year round, housed in cubicles, milked twice daily and fed a simple grass / maize TMR with parlour top up. Cows are grazed for a period during the day time in the Summer months. This has led to impressive yield and management figures with an annual yield of 10,145kg 4.13 fat 3.42 protein SCC122. Currently calving index runs at 399 days with almost 40% conception to first service.

The cows have been bred to milk through the use of modern sires selected for production & functional type. Bulls such as Supershot, Rubicon & Endco Evolve have shaped a lovely group of strong, non extreme, modern cows capable of fitting most systems but most of all with the will to milk.

The sale is enhanced by the inclusion of some superb youngstock, all fit and well grown from 40 in calf heifers and similar numbers of maiden heifers and calves. All are by top sires and surely represent great potential for the future.

HEALTH STATUS

The herd is fully vaccinated for BVD & IBR.

Monitored negative for Lepto.

Fully monitored for Johnes over many years with no red cows in the sale herd.

All cows under 200SCC receive only Orbeseal dry cow. Over 200 SCC receive Ubro Red or Cevravin.

The herd resides in an annual TB testing area with the latest clear test being on August 9th 2022.

The George Farm Vets has provided veterinary care to the cows at New Clingre Farm for over a decade; their designated vet being the late Tim Hirst and more recently Beatrice Yates.

The herd at New Clingre is bulk tank negative for BVD, IBR and Leptospirosis and is vaccinated for BYD and IBR. Mastitis is very well controlled with a consistently low bulk milk somatic cell count. All the cows for sale are 'low' risk for Johnes Disease.

Keith has always strived to maintain high levels of animal welfare and the cows are a credit to his hard work. It has been my pleasure to work with Keith, Tracey, Mike and the extended Sheldon family, and on behalf of all the vets we wish them the very best for the future.

BREEDING GUARANTEE

All cows and heifers that are stated in the catalogue of sale to have been served not less than ten weeks before the date of sale, or to have been running with a bull between dates (the later of which is not less than ten weeks before the sale) will be guaranteed by the vendor to be in calf either to the date or one of the dates of service if more than one is stated, or to a service between stated running dates and to the bull stated in the catalogue of sale unless any alteration is announced by the Auctioneers at the time of the sale. Should any animal prove not to be in calf, any claim under this guarantee must be made to the auctioneer in writing within 7 weeks of the date of sale. Should any animal which is declared to be in calf prove not to be in calf to the date or one of the dates of service or to some date within the running period or periods or to the bull stated as above any claim must similarly be made immediately any evidence in support of such a claim is available and in any case not later than 28 days after the date on which the animal was due to calve according to the date or dates in the catalogue of sale.

UDDER WARRANTY

Unless otherwise stated or announced, any cow in calf or in milk or any heifer in milk at the time of the sale shall carry a guarantee that she is sound in udder and teats at the time of sale, but no claim under such guarantee can be entertained unless made to the Auctioneers within an hour of the close of the last lot except in the case of Herd Dispersal Sales or Breeders' Home Sales when the guarantee period is extended to two hours after the close of the sale of the last lot. If the Auctioneers are satisfied that the udder is not sound, then the sale, at the discretion of the vendor, may either be cancelled or an adjustment in the price paid agreed between vendor and purchaser.

NOTE - At Herd Dispersal or Home Breeders' Sales the Vendor must provide adequate facilities for udders to be inspected and for adequate milking facilities to be available for the Purchaser in accordance with the warranty.

DATA PROTECTION

Introduction

The EU General Data Protection Regulation ("GDPR") came into force across the European Union on 25th May 2018 and brings with it significant changes to data protection.

Our Commitment

Norton & Brooksbank Ltd are committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection. We have always had a robust and effective data protection program in place which complies with existing law and abides by the data protection principles. However, we recognise our obligations in updating and expanding this program to meet the demands of the GDPR and the UK's Data Protection Bill.

Norton & Brooksbank Ltd are dedicated to safeguarding the personal information under our remit and in developing a data protection regime that is effective, fit for purpose and demonstrates an understanding of, and appreciation for the new Regulation. Our preparation and objectives for GDPR compliance have been summarised and copies are available from our office upon request.

CONDITIONS OF SALE

1. The biddings to be regulated by the Auctioneers, in terms of 'guinea' bids and multiples thereof, each guinea to be equivalent to 105 new pence (£1.05); if any dispute should arise, the lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give a reason for such action.
2. The Purchaser to give his name and dwelling place and pay for all lots at the close of sale. No lot or lots shall be removed from the sale premises until paid for, and pass-out slip obtained from the Auctioneer' clerk.
3. Notwithstanding the foregoing and the following Condition 4 each and every lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective Purchaser or Purchasers thereof and shall be removed from the sale at the Purchaser's expense within a week of the sale.
- 4.1. If any lot or animal (s) is not paid for in cash under Condition 2 above but payments is made by cheque or other form of negotiable instrument then the animal(s) shall remain the sole and absolute property of the Vendor as legal and equitable owner until such time as all money due to the Vendor has been paid by the Purchaser, Payment shall unless otherwise agreed be made to the Auctioneers and shall not be deemed to have been paid until any cheque or other negotiable instrument has been cleared by the Auctioneers Bankers and the following further provisions contained in Condition 4 shall apply.
- 4.2. The Purchaser acknowledges that he is in possession of the animal(s) as bailee for the Vendor until such time as the animal(s) has been paid for or pursuant to the provisions of Condition 4.1.
- 4.3. The Purchaser undertakes to house any animal on his premises separately from his own and those of any other person and in such a manner which makes them readily identifiable as the Vendor's.
- 4.4. The Purchaser's right to possession of such animal(s) shall cease if he does anything or fails to do anything which could entitle a receiver to take possession of the animal(s) or which would entitle any person to present a petition for the winding up of the Purchaser.
- 4.5. The Vendor or the Auctioneers may for the purpose of the examination or recovery of animals enter upon any premises where they are housed or where they are reasonably thought to be housed.
- 4.6. If the Purchaser shall sell on the animal(s) the entire proceeds shall be held in trust for the Vendor and shall not be mingled with any other money paid into any overdrawn bank account and shall at all times be identifiable as the Vendor's money.
- 4.7. The Purchaser warrants that he is not at the time of entering into any agreement to purchase the animal(s) insolvent and knows of no circumstances which would entitle any creditor to appoint a receiver or to petition for winding up or to exercise any rights over and against the purchaser's assets.
- 4.8. Without prejudice to any other to any right or remedy of the Vendor or the Auctioneers of the Purchaser shall be in breach of any of the conditions set out in this Condition 4 or any of the other conditions herein contained the Vendor or the Auctioneers shall have power to resell the lots retaining any surplus and charging any deficiency or expense to the defaulter or Purchaser.
5. All statements in the catalogue or made by the Auctioneers at the time of the sale, also the identification of the animals, are the entire responsibility of the Vendor. The Auctioneers take no personal responsibility for the correctness of any such statement or identities.
6. All statements made either in the catalogue or any made by the Auctioneers at the time of the sale relating to Tuberculin or any tests to be taken as statements of fact only. No such statement shall guarantee the Purchasers of any animals against loss arising through subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
7. Neither the Vendor nor the Auctioneers will be responsible for any accident through fire or any other cause whatsoever, nor for any damage done by animals prior to, during or after the sale.
8. Breeding Guarantees and Udder Warranty, see page before, for other Sale Rules see H.U.K.I Auction Rules which are available at the Auctioneers desk for inspection. If there shall be any conflict between these conditions of Sale the former shall prevail.
