AUCTIONEERS FOREWORD

Once again we are delighted to be conducting another highly attractive sale on behalf of Wills Bros Ltd, whose **Willsbro** herd has a reputation for conformation, depth of pedigree, genomic figures and exceptional milk production which can surely match any herd, not only in the UK, but anywhere in the world.

The barns at Pawton Dairy are bursting at the seams, particularly with regard to young stock and Messrs Wills are selling a choice group of just over **100 heifer calves**, born between May and November last year, **15 bull calves** of similar age and a dozen embryo lots, while the sale opened with **25 heifers, all calved in the last 3 months** and which averaged nearly 40kg at the most recent recording.

Virtually all the animals in the sale have rock solid unbroken pedigrees stretching back over many generations from some of the most popular cow families in the breed, including **Ashlyn, Amber, Lila Z, Roxy, Pammy, Rachel** and **Sharon**, which have enhanced their reputation with the representatives with the Willsbro prefix. Last summer the majority of the milking portion of ML Farming's **Crystallclear** herd was acquired and there are several calves in the sale out of these cows, born in Cornwall, not least two superbly bred calves from the noted Kingsway "A" family, being granddaughters by **Apple Crisp** and **Chief** from **Kingsway Sanchez Arangatang (Ex-95)** and **Kingsway Goldwyn Abrakaboom (Ex-92)** - Lots 79 & 149. **Virtually all the animals are the progeny of Excellent or Very Good dams (62 out of Excellent cows). 112 are bred from 7 or more generations in the top two grades and 13 are from 5 or more straight Excellents** up to a Rachel (lot 18), bred from 14 and 3 Roxy heifers (33, 57 & 86) bred from 10 & 11. Virtually all the animals are genomic tested with several having GTPI of over 2600.

Not least of their attributes is the phenomenal production of both the milkers for sale and the dams of the heifers and calves. The Willsbro herd must be one of the most remarkable commercial units in the country as the following impressive current rolling herd average shows:

1,472 cows and heifers average 13,781kg @ 4.16% fst 3.25% protein with a calving index of 408 days

The milking herd is housed in sand bedded cubicles with a tidal wash down system and milked three times daily through a 60 point rotary parlour, Nutrition is carefully monitored to ensure maximum yields coupled with the excellent health of the cattle. The majority of the cell counts for the milking heifers in the sale are under 30.

Once again you are urged to either be at Exeter Livestock Centre on February 15th or to bid on the Marteye online link, accessed through nortonandbrooksbank.marteye.ie. The opportunity to acquire heifers of this calibre in terms of both pedigree and production background seldom occurs and presents a wonderful opportunity for Holstein breeders.

NORTON & BROOKSBANK and KIVELLS

BULLS - LOTS 22, 29, 58, 59, 60, 61, 68, 89, 95, 104, 112, 123, 142, 143, 159

EMBRYOS (sexed females) - LOTS 1A, 37, 47, 49, 69, 71, 72, 90, 91, 98, 99, 100, 101, 102, 117A, 121A, 153, 162

Sale cattle will be available for inspection at Pawton Dairy up to and including Saturday February 12th by prior arrangement with Messrs Wills - Tel: 01208 816982

Anyone currently under TB restriction & awaiting a license looking to purchase cattle in the sale should note that the vendor is happy to house purchases until a license is obtained. Please contact the auctioneers prior to the sale for details.

To whom it may concern,

The Willsbro herd at Pawton dairy has impressive infrastructure, designed to maximise cow comfort and production and minimise disease risk. The herd is currently averaging 43 litres per cow. Establishing protocols for the maternity pen, calf health, vaccination schedules and the milking herd have ensured that consistency is maintained within the herd and that performance can be constantly monitored and improved upon.

The size of the herd allows for constant monitoring across all aspects of the herd, including the maternity pens, ensuring that calves are weighed, given colostrum and have their navels dipped immediately after calving to ensure every animal gets off to the best possible start in life. Excellent calf health is achieved through testing and recording colostrum quality and ensuring appropriate amounts are given to calves within 2 hours of birth. The calf hutches offer a stable environment for calves to thrive in and a robust vaccination schedule has been developed which consists of Bovigen Scour for dry cows to protect calves from *rotavirus*, *coronavirus* and *e. coli*. Calves then receive a comprehensive pneumonia vaccination programme along with Ringvac vaccine. Calves are also tag and tested for BVD virus.

Investing in disease prevention can be demonstrated using a comprehensive vaccination protocol in the herd. The vaccine Startvac is administered to minimise the risk of *Staph aureus* and *e. coli* mastitis. The current herd health programme states that BVD is vaccinated against with Bovela vaccine and IBR virus is covered with a twice-yearly booster of Hiprabovis IBR vaccine.

Biosecurity is taken seriously with all stock now being housed and all kept at Pawton, all feedstuffs are kept indoors and any visitors to the farm are required to clean and disinfect on arrival. The last TB test was in August 2020 and the whole herd was tested and was clear.

The Wills family are passionate about successful breeding of pedigree Holsteins and are driven by breeding for production persistency and performance. Genetic progress has been expedited by the routine use of embryo transfer to breed from the genetic elite of the herd.

I would like to take this opportunity to wish all potential purchasers the very best for their new stock.

NOTICE TO PURCHASERS - LIVESTOCK MARKETS

Health & Safety - Kivells accept no liability for any damage or injury to persons, livestock, vehicles or plant not arising out of their negligence. Any person entering the livestock market premises does so at their own risk and must comply with the requirements of any Health and Safety notices. All persons entering the livestock markets premises are hereby given notice that there are potential hazards due to the type, penning, herding, loading and unloading of livestock and vehicle movement. Caution should be exercised and children must be fully supervised at all times. Kivells reserve the right to refuse admission to any person or vehicle into the livestock market premises without giving reason. Kivells strongly advise that no persons access the sale ring, pennage or livestock passageways during the sale or whilst animals are being moved through passageways. Should any person decide to enter these aforementioned areas they do so entirely at their own risk. Any incidents or accidents in the livestock market premises should be reported to Kivells market office immediately.

Biosecurity and Livestock Welfare - All persons entering Kivells livestock market premises must comply with all current Biosecurity legislation, rules and conditions. All persons should be in clean clothing and disinfect footwear upon entry and exit from the livestock market premises. Hand wash facilities, disinfectant boot dips and brushes are available and should be used. Vehicles used to transport animals to or from the livestock market premises must comply with current cleaning and disinfection legislation. All vendors, purchasers, agents and hauliers must comply with all current legislation governing the welfare of livestock whilst at Kivells livestock market premises or in transport to or from the livestock market premises. Any concerns over Biosecurity and Animal Welfare should be reported to Kivells Biosecurity and Animal Welfare officers, whose details are located in the Kivells market office.

Registration - In order to bid, all Buyers are required to register before the auction, at the Kivells market office or as otherwise advised by the Auctioneers. All new Buyers will be asked for two forms of identification and a credit reference will be required. Acceptable identification includes Driving Licence/Passport together with a Utility Bill/Proof of Address/Business Letter Heading/Business Card. The Auctioneers reserve the right to request a deposit ahead of any purchase or during sale proceedings and to refuse registration or any bid or bidder without giving reason. New Buyers are strongly advised to contact the Auctioneers well in advance of the sale.

Payment - All Lots must be paid for on the day of the Sale by the Buyer prior to any removal or consolidation, unless alternative arrangements have been agreed with the Auctioneers. At the fall of the hammer the highest bidder will be deemed to be the Buyer and transfers of purchases will only be permitted with prior approval from the Auctioneers. Any payment is to be by a means approved by the Auctioneers. Our preferred payment terms are debit card or cash and Kivells reserve the right to stipulate payment by these methods. Kivells may also accept bank transfers and cheques with prior approval. Our Bank Account details are: Sort Code 56-00-49 Account Number 32376359. Payment in Cash - In order to comply with money laundering regulations we cannot accept Cash payments above the maximum permitted at the time of sale. The maximum varies according to exchange rates and currently it is circa £9,000. Buyers are advised to check with the Auctioneers ahead of the sale.

Conditions of Sale - It is strongly recommended that Bidders and Buyers visit Kivells.com and read the full Conditions of Sale produced by the Livestock Auctioneers Association (LAA) ahead of the sale. Unless advised otherwise you will be bidding and buying under these Conditions and you will be obligated to abide by these Conditions and these Notice to Purchasers. The LAA Conditions of Sale are also displayed in Kivells market office. Clauses 12 to 19 inclusive relate mainly to the Purchaser. This catalogue may also contain reference to Warranties as defined by the LAA Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

Risk - All livestock are at the risk of the Vendor before they are sold and at the risk of the Buyer when they are sold (fall of the hammer). It is strongly advised that Vendors and Buyers ensure that their insurance policies cover livestock at market premises and that Buyers have immediate cover for animals purchased.

Removal of Lots - Lots can only be removed once payment has been made in full and/or a pass issued by the Auctioneers. All Lots need to be cleared from the sale premises by 5pm on the day of sale unless otherwise agreed with the Auctioneers.

Descriptions of Lots - Buyers should satisfy themselves prior to making bids as to the condition of any Lot and should rely on their own judgement as to whether the Lot accords with its description. All Lots are sold under the Livestock Auctioneers Association Conditions of Sale as referred to above to include the following two clauses:

Statements of Fact - Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.

Liability of The Auctioneers - The Auctioneers acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneers or their employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneers nor their employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

Bidding Form - The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form, and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

Refreshments and Facilities - Canteen and toilets are on site.

DATA PROTECTION

Introduction

The EU General Data Protection Regulation ("GDPR") came into force across the European Union on 25th May 2018 and brings with it significant changes to data protection.

Our Commitment

Norton & Brooksbank Ltd are committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection. We have always had a robust and effective data protection program in place which complies with existing law and abides by the data protection principles. However, we recognise our obligations in updating and expanding this program to meet the demands of the GDPR and the UK's Data Protection Bill.

Norton & Brooksbank Ltd are dedicated to safeguarding the personal information under our remit and in developing a data protection regime that is effective, fit for purpose and demonstrates an understanding of, and appreciation for the new Regulation. Our preparation and objectives for GDPR compliance have been summarised and copies are available from our office upon request.

BREEDING GUARANTEE

All cows and heifers that are stated in the catalogue of sale to have been served not less than ten weeks before the date of sale, or to have been running with a bull between dates (the later of which is not less than ten weeks before the sale) will be guaranteed by the vendor to be in calf either to the date or one of the dates of service if more than one is stated, or to a service between stated running dates and to the bull stated in the catalogue of sale unless any alteration is announced by the Auctioneers at the time of the sale. Should any animal prove not to be in calf, any claim under this guarantee must be made to the auctioneer in writing within 7 weeks of the date of sale. Should any animal which is declared to be in calf prove not to be in calf to the date or one of the dates of service or to some date within the running period or periods or to the bull stated as above any claim must similarly be made immediately any evidence in support of such a claim is available and in any case not later than 28 days after the date on which the animal was due to calve according to the date or dates in the catalogue of sale.

UDDER WARRANTY

Unless otherwise stated or announced, any cow in calf or in milk or any heifer in milk at the time of the sale shall carry a guarantee that she is sound in udder and teats at the time of sale, but no claim under such guarantee can be entertained unless made to the Auctioneers within an hour of the close of the last lot except in the case of Herd Dispersal Sales or Breeders' Home Sales when the guarantee period is extended to two hours after the close of the sale of the last lot. If the Auctioneers are satisfied that the udder is not sound, then the sale, at the discretion of the vendor, may either be cancelled or an adjustment in the price paid agreed between vendor and purchaser.

NOTICES

Date of last milk recording (CIS): 12.1.22
